

## Glenn Edward Scoville

September 15, 1938 - September 1, 2020

Glenn E. Scoville, age 81, of Richland Center died suddenly Tuesday, September 1, 2020, at the Richland Hospital. He was born on September 15, 1938, in Post Falls, Idaho, the son of Wesley Mearl and Albertina Rose (Engesser) Scoville. On June 19, 1959 he married Dolores Marie Dunn in Lewistown, Montana.

Glenn was the most loved husband, dad, brother, and friend. He grew up in Winifred Montana on the sprawling PN ranch along the Missouri River. He could ride horseback for miles and miles and never reach the other side. Fishing in the Belt Mountains was a favorite pastime. He worked at Sears in Lewistown Montana as the tool department Sales Manager. Glenn & Dolores saved every bit of money they could and in 1967, leaving his family and friends and everything familiar behind, this Montana Cowboy with big dreams of farming in Wisconsin brought Dolores and his two small children along for the ride. Glenn's cousin & Uncle also came to Wisconsin. Glenn & Dolores worked side by side and made their dreams come true. Memories of watching it rain after a long drought and the relief, happiness and enthusiasm for the corn crop could be seen on his face. Glenn's optimism for life drew people to him and so many friends were made along the way. Sharing his knowledge of farming with young and old alike was a joy for him.

He was very proud of his family. His son Dean continues to farm, and almost daily conversations about the crops and farming were highlights of his day. Helping his daughter Sherry with the Sears store was another outlet for his strong business sense. He surprised his wife Dolores later in life by becoming the chef of the house. His meals were better than any fancy restaurant meal.

Glenn never really retired. He still planted and harvested his corn crop, sold seed corn every year and grew the biggest and best garden around. He was able to enjoy more time doing the things he loved. Trips to Lake Havasu City in Arizona each winter were highlighted by his fabulous cooking, growing his new crops (oranges, grapefruit, and lemons) and visiting and playing Texas hold 'em with family and friends.

Survivors include his wife, Dolores Scoville of Richland Center; two children, Dean (Rene) Scoville of Richland Center, Sherry (Wilbur) Giddings of Lone Rock; 6 grandchildren, Sid

(Kelly) Scoville of Richland Center, Shawna (Sean) Maly of Viroqua, Ricky (Christina) Scoville of Onalaska, Sabrina (Denny) McDonald of Portland, Oregon, Megan Giddings of La Crosse, Morgan Giddings of Lone Rock; 11 great grandchildren; two brothers and a sister, John (Carol) Scoville of Seattle, Washington, Cathy (Dale) Deckard of Springfield, Missouri, James (Barbara) Scoville of Sturgeon Bay, WI; a brother-in-law, Duane Rohrer of Michigan; a sister-in-law, Patricia Scoville of Seattle, Washington; other relatives and friends.

He was preceded in death by his parents; a brother, Theodore Scoville; a sister, Frances Rohrer.

A Celebration of Glenn's Life will be held on Thursday, September 10, 2020 at 7:00 PM with Ron Fruit officiating. Friends may call on Thursday, September 10, 2020, at the Clary Memorial Funeral Home from 5:00 PM until the time of services. “ I remember when I was a young girl Glenn would take the fresh lettuce from their garden and make wilted lettuce (hot bacon/grease) Yum! I have not seen Glenn and Delores in years. I remember the times spent around Glenn and Delores and they were very fond memories! At times they were my second parent. They were very gracious and kind to me!

“ Glenn was a valued classmate, teammate & friend during our time together with the 'Red Raiders' as members of the Winifred HS 'Class of '56.' We always enjoyed re-living those sporting events, and others, at our Class Reunions. Glenn was one of the best, and set some long-standing records at track meets. Great, fun filled memories!

May God have mercy on his Soul and may he forever 'Rest in Peace.'

May God bless and guide Dee and family through these terribly difficult times!

Classmate,

“ Dear Dee, Dean, Sherry and families,

Please know there's a whole contingent of classmates and friends in Montana & beyond who share in your shock and sorrow.

I always found it fitting that out of our Class of '56 Glenn was the one who was on both sides of our school song, "On for Winifred" to the tune of the university song, "On Wisconsin"!

I remember him as an earnest and kind person, a fine athlete with records to his name and most of all as a good friend.

He never missed a reunion in Winifred. He kept in touch with his roots. Even though his heart & soul will always be with you in Wisconsin.

With love and remembrance, Mary Mendel

“ My fondest memory of my Uncle Glenn was his love for farming, being part of the land, and working in the fields. Not always easy but he made it look easy!

“ RIP Uncle Glenn “Old farmers never die, they just go to seed.”

Furrows And Fields

I spent my life in furrows and fields  
Working and tilling the land  
Observing the beauties created  
By God's almighty hand  
I have touched the richness of soil  
I've born the wind and sun on my face  
And I would choose this life and this land  
Over any other place  
A life filled with crimson-dawned mornings  
When I was up to greet the sky  
Days spent with family and creation  
All throughout my life  
I was blessed to experience each springtime  
Where raindrops have washed the earth clean  
While summer's sun nurtured my harvests  
Fields bearing the lushness of green  
And my life's been strengthened by trials  
For the weak can never belong  
In a living where nature and the elements  
Form a body and courage that's strong  
Still, I've also been blessed with some miracles  
During trying times when I couldn't go on  
Until God sent me the help I needed  
And kept me right where I belonged  
So having witnessed the power of God  
Upon my life and upon the seasons  
I know there's a purpose in everything  
Though sometimes we don't know the reasons  
...And so my life must be no different  
Just like the crops that I have grown  
For I am also God's child and seed  
That at harvest must come home...  
To share in the joy of His presence  
And to humbly kneel at His feet  
Entering into His joy, and His rest  
For a season of everlasting peace

(poem taken off poems and reflections)

You will be missed! Love Pitter Pat (Glenn is the only one who ever called me Pitter Pat)

“ Glenn always had a twinkle in his eye. I fondly remember his sense of humor. When I was a child and we were at a family get together he would often say, "Hey you better not eat that", of course we would say "Why" and he would reply " it will get in your mouth"

When my sister and I were teenagers and we would walk up Snow Valley Road Glenn would call us "Roadrunners". He always had a quick witted joke... sometimes corny, but that's what made him so endearing.

Glenn was a motivated and driven individual. There was no whining or complaining allowed. If there was a problem then he would get right to finding the solution.

Glenn was a great dairyman and farmer.

As an adult the times I got to visit with Glenn he always asked me pointed question about about my life and then he really listened to my answers and made me feel important.

I am a better person because I had the privilege to know him.

“Wow, I'm stunned as I'm sure we all are. I just saw him Sunday and he was fine. I'm glad I got that chance to visit. Glenn is a few years older so I did not see him as much when I was growing up in Montana - a busy teenager is what I remember. When I got to visit my cousins they loved to gather around their big dining table and play cards and board games. No mercy was shone to my sister and me! I also remember seeing Glenn at Sears in Lewistown MT. A young salesman helping my parents with a white shirt and dark pants, he looked so professional. Later when we moved to wis i was fortunate to work on his dairy farm a couple of years. He always treated me as a competent worker and did not look down on me for being a girl. He patiently explained how to fix tractors, all about the cows, and fsrming. He even let me load hay bales into the barn on hottest summer days. He was always upbeat and positive, hard-working and great humor. I can't believe I'm saying "was". Glenn i will miss you! God bless you and your family. Cousin Sue.

“Wow, what a shock to Zola & I. He was a wonderful person and friend. I will never forget all our phone calls to each other whether we were in Lake Havasu, Az or he was home in Richland Center, Wi, he would always say “ Sam the Man” I will never forget those words and as I am writing right now I can hear his voice saying that. Zola and I became very close to Glenn and Dee and John and Carol and got together almost every day either walking together or going out to eat every Friday or playing Texas Hold Em either at his house, Johns or ours He was a wonderful friend and I will miss him dearly, and so will Zola. Our hearts go out to Dolores and all the family.

“I was never so shocked when John called us about Glenn passing away. I knew him when we would go to school reunions and then about ten years ago we were invited to their rented home in Lake Havasu City, Arizona Where Carole and John rented with them. Cathy and Dean were there. We were visiting with DeDe and Carole and the rest of them prepared the dinner working together. Before we knew it we all sat down to a delicious meal. Afterwards we just sat around the table visiting and I looked up and they had picked everything up from table and all dishes washed up and put away. I had never saw anything like this before. The follow winter Glenn and DeDe had bought a home there and we started going to Havasu for winters. We would walk about five days with with Glenn, Sam and John taking ahead and Glen and Sam talking away about Sports. During our winters we spent every Friday nights going out for fish and all our Birthdays and times when any family came for visits. We spent Holidays together and times for dinners at one house or the other and always had to play Texas Hold Em with Glenn being the dealer. I never played aaa neither Dean when he was there and then Glenn gave me such a hard time kidding me that I finally started. We met their friends and families and they met ours always enjoying all of them. Glenn would call most mornings about walking and say to Sam how do you feel and Sam would say ok and Glenn would You aren't Wonderful and he would I feel Wonderful even with his migraine. He also called Sam “Sam The Man”. Now Glenn what are suppose to do without you dealing our card? You are now not suffering with headaches May You Rest In Peace. God Bless You.

“ Glenn is my first cousin, and I remember those days in Montana, though as kids, he was old enough to get married, and I was barely old enough to be left alone. But, when we moved to Wisconsin the age difference closed in. While my parents were looking for farm land in Wisconsin, we stayed on their front yard in a Holiday Rambler camper, Glenn and Delores were very hospitable to having 6 people camping in their front yard for a month or so. I too "got" to help feed the cows, and probably stack some hay, though I was not much use for farming. When I started to date, I would give guys a mental "Glenn test" if they seemed the kind that would like Glenn's sense of humor, then, they could probably get along with me. If not, well, they didn't last long, and they didn't have to even have Glenn in person. When I moved away, and came up for Thanksgiving, they always made sure they came over to the farm to see me before I went back home. Anyone who knows Glenn, knows he has a quirky sense of humor, I think it is a Scoville thing.

“ I can't believe my long time friend is gone. We always had some great conversations. Glenn pestered me for years to come visit in Arizona, I am so glad and thankful Glenn and Delores put up with my wife Julie and Haley my daughter and myself for week. Glenn and Delores took us around Lake Havasu and showed us a great time. We laughed and had Glenn the cook make us a salmon dinner that was fabulous. We had a great time and will always remember the time we had. He would tease Haley and he would smile out the corner of his mouth. The three of us fished in his pond. I was just thinking about Glenn Tuesday about calling him to take him fishing, I always told I would take him out when the bluegills were biting. I am so glad we got to meet the rest of the Scoville family when we went to their 60th Anniversary party. Glenn put on a great feed. I will miss him. Thank You for the memories Glenn! Rest in peace my friend!
