“ Sandee and I worked together at the UW Pathology Department. She taught me the ropes of the lab and was a dear friend. She made sure every patient was treated like family.

I remember Sandee's long van ride to work (ugh) and her working on the farm. After she retired, we talked via Facebook, mostly about my grandkids, hunting and farm life, We had many retired friends in common so in our conversations we would always update each other as to what was happening in our lives and our friends. We had many laughs and memories.

.She loved to read and we exchanged good books.

I will miss her farming advice since I am new to the farming world.

Most of all I will miss her kind heart and sweet smile. She was a good person and helped others. She made a difference in my life. I am sad she has left us but am sure Rudy and heaven is glad to have her.

Tami, Perry, Deb, and the rest of the family I am sorry for the loss of this wonderful lady.

I was blessed to have Sandee as a friend for 18 years. Thank you for sharing her with me.

“ My sympathy to Sandee's family. I went to church with her at the Methodist Church in Mineral Point and am friends with her step-granddaughter, Kayla Lindholm. I knew her as a very nice jovial person and a very nice loving grandma to her grandkids.

“ I met Sandee 3 years ago during a trip to Wisconsin. She was my daughter's grandmother-in-law. I enjoyed getting to know Sandee and the rest of the family. She was so very warm and welcoming to me. She absolutely **ADORED** our mutual grandson, Aaron. I wish I could have known her even better. She was so good to my daughter and her little family. We'll love and miss you dear Sandee. Rest in peace.

“ I'm so glad. I tried to keep her up to date with Aaron's pictures. I promise that he will know her as he grows up. Peace and love to you.

“ I always enjoyed the phone calls with her. She always tried to attend as many Helms events as she could. I really appreciated seeing her during our lunches. Sympathy to all of you. She will be missed.

“ Sandee and I were classmates from elementary school through high school. Even though we lived most of our adult lives less than 40 miles apart we lost touch until Facebook started. We would chat whenever someone we had in common would have a milestone event that was brought to our attention. Ultimately we discovered we were on opposite sides of the political spectrum which made for many a spirited conversation. She many times would end our sparring session with the words “even though we disagree, doesn't mean we can't be friends.” I will miss our sparring sessions, but most of all will miss an old friend.
