“ My deep condolences to all family and friends!! Brian was a good friend, a hard worker, always had something going on, could never just sit still. I will always remember the time him and I and a mutual friend (at the time) went up into what was known as Goats Path in his black Jeep with the lime green pipe insulation on the roll bar and we broke the unjoint on the drive shaft and had to drive in 4 wheel down to Kwik Trip. We were all covered in mud on our backs, but our fronts looked like nothing was going on. It was one of the best days of my life that I'll never forget. Rest in peace my friend until I see you again !
