“ I worked with Crystal for 28 years in the lab at Mile Bluff. She was always so full of wisdom whenever we had a question. After she retired, we realized no one could ever take her place. I was happy to visit with her last week for just awhile to say "Hello" and that we were all praying for her. Rest in peace my dear friend.

“ *My heart breaks for you. I cared a lot about her. We had met at the weight loss challenge at MBMC and stayed in touch from then on. She was one of my Young Living Essential Oil team members and we talked about that also. She had contacted me last about a month ago or so and said things were not well, but I did not realize it was this bad. She was my friend and my world will be a little darker without her in it. My sympathy and prayers to you all. Sandy Turner, Mauston*
