I feel he is watching over me and still helping with the driving I never could put that rig in some of the places I have when he was here but now its like parking a car.*

Thanks Eddie for being here for me . I will always love you and cherish the time we had together.

“ *Its been a year and I still and always will remember Eddie not only my husband but my best friend . Even though I may not be able to reach out and hold him I know he is always with me as I drive the peterbilt. It is his hands that are on the wheel . Eddie was the best semi driver out there with a will that never gave up . He always loved the dogs we come across in our travels and always would give them food. Some he gave a home to.*

I will continue to drive and remember for I know he is with me to keep me safe and make the right choice and do my best to keep his dreams alive.

LOVE FOREEVER

“ *What great memories I have of my wonderful Uncle Ed! Over the years we had so many great times together. In my youth I loved traveling to New Jersey to visit for summer vacation. We had a lot of fun hanging out together. Heading to Seaside Heights on the Jersey shore together was always a highlight of every summer while I was growing up. Uncle Ed loved to race go-carts and he even managed to get my Dad behind the wheel of his #40 go-cart one summer. I had Uncle Ed's picture with him and in his racing suit and #40 go-cart on my dresser throughout my entire childhood. He was an awesome truck driver. He and Barb made an excellent team. One summer I was able to ride with Uncle Ed in the diesel truck from New Jersey to Illinois. We had a blast talking it up on the cb radio and tearing down the interstate at 90 mph. That is an experience I will never forget. I wish we had more time to spend together. It's unfortunate that his life has come to a close. However, I firmly believe that I will see him again in heaven. I miss him dearly and consider myself fortunate to have had such a close connection to him throughout our lives. God bless you Uncle Ed and thanks for the memories.*

*Love,
Shane*

“ Good 'ol Uncle Ed ... I had many great memories with my Uncle Ed growing up, as I think of the things he has passed along to me, several things come to mind ---he taught me to laugh, have a sense of humor, be yourself, don't try to impress people, do what you love & love what you do and be loyal to your family. These are some of the many great things I observed and picked up through his actions. None of these things were spoken, just things I have noticed and observed as he lived his life. My Uncle Eddie always had a heart of gold and would do anything for those he loved. I will miss him and know he is in a better place now. Rest in Peace, I love you Uncle Eddie. Chris

“ Eddie: I will miss you and your way that you always had about you, from telling me some story about some A** or about the turkeys on the hillside. You were like a second father to Erick and a Grandfather to his boys and of course I can't leave out Kia. I will always remember you... and if Barb needs anything Ever... I promise I will walk through Hell to help her or find a way to help. Also if you are with Kevin... quit throwing rocks and making hurricanes.. they disrupt the poker games... Good Bye old Friend and I will see you when I get there.

“ Ed,
Over the years you have been a great friend. I sit here in the early morning hours of the day, thinking of all the things we have done together over the last 27 years. I still think one of the funniest stories is when you came to my house and announced to me that you were going to buy a Kenworth. The look on your face when you found out my daughters husband was son of John Wolff the salesmen at Kenworth you been talking too. As always you went out and bought a Pete telling me if I bought a Pete I would never buy anything else. Now you are with all the trucking buddies you have not been able to see for a few years. When Barb thinks she is ready to go back on the road, I know you and Kevin will be her guardian angels sitting over there in the jump seat. As you and Barb never had any children, I can't count the number of children's lives you touched from my son right down to his children, Andy's across the road, and many more. Ed, you have touched so many people lives, you will be missed very much, take care my old friend.

“ I will miss Eddie he was not only my husband but my best friend. He was one of the best truck drivers ever over 50 years of trucking and never had a accident . He was always there for me to get me through the bad weather and slick roads. We ran as team drivers for about ten years and those days of trucking was the best of all. Eddie was always a lot of fun and enjoyed hunting and fishing. May God Bless You.

“ We were so sorry to hear about Eddie's passing. The "Errico" family has so many memories of Eddie growing up with us in Stockton,NJ. Although we haven't seen him for several years, his loving sister Kathy (our dear friend) has kept in touch with us and we always talked about her brother Ed. Kathy has told us what a loving wife he has and our hearts go out to Barb as well as Kathy and her family at this time. Our deepest sympathy to all.

“ Don't give Peter to much hell! You were a force to be reckoned with and no one was crazy enough to try. Mike and I thought of you as a father figure. Star thought you were the best thing since sliced bread. You were "her Eddie" You lived your life by the seat of your pants and had a good time doing it. You will be missed deeply. I will never forget the time we spent together while you were in the hospital after your stroke. You sure gave the nurses hell. Thank you for the memories and the prime rib sandwiches.

“ I can't tell you how much I will miss my brother. I always knew he was with me even when we were miles apart. We talked every weekend for sure catching up on the weeks adventures. Sometimes even through the week he would be calling me about the weather or some news. I know he loved his wife Barb, she was the best thing that ever happend to him, also all of his dogs that rode with him in his 18 wheeler as his companion. My heart is heavy at this time but I know he is in God's hands now & at peace. Some day we will reunite & be together agian. Love you brother, til we meet again.

“ Eddie was more than a husband to me he was my best friend. He was my support when things got tuff. While running two trucks and be in seperate places and I get in a jam all I had to do was pick up the phone and he could get me threw it. We had a blast while we worked sometimes it was riding the log in nashville park in nasshville tn Going to the rodeo in cheyenne wyoming, running up through yellowstone national park. Eddie was also a excellent mechanic . He loved to hunt and fish and always stop and feed a hungry dog and sometimes he would pick them up and bring them home. I thank the Lord for bringing Eddie into my life I will miss him terrible ,I hope I can keep trucking and hold on to the dreams he had.
