“ *Uncle Ed, so many memories to share, our families growing up seemed to be inseparable. I fondly remember the great adventures of bus trips with Lisa. We thought we were so special to be able to sit right behind the driver, and all the special treats we got were pretty good too. I also remember having lots of play time in your basement "office supply store" with all the advertising pens and other items. There are so many memories! But most of all, I am so grateful for all the love and brotherly support you showed my mother after the loss of Wally. You were a great man, had a huge heart, and will be deeply missed.*
