*I am sorry to hear of the passing of you Dad. I am also sorry that I am not going to make it back home for any of the services. I have many fond memories of all the great times we had growing up and the time spent together on the various farms. I drove by the farm recently when I was home and thought about stopping in to say hello. I wish I would have stopped. Please know that you and your families are in our thoughts and prayers. “ So sorry to hear I had a wonderful talk with him a while back said he was going to enjoy himself as much as possible. I hauled a lot of grist for him and his dad over the years and then had him for a gas customer for years truly a man of hard work that really loved farming and honest right down to the bone. I wish there were more people like him to make the world a better place. Amazing how much he looks like his dad in later years.

*Sadly missed
