“ *My prayers and condolences for comfort go out to all of the Mueller family and all Kurt's friends.*

I remember Kurt from the time he was a little blonde headed kid in grade school through adulthood.

Kurt had a ridiculously funny sense of animated humor that could get me in stitches and joining in with him . But he also had a warm heart of kindness toward me.

As kids he took me on my first ride on a mini bike all over the trails on Tower Hill. We smashed caps from his cap guns on the sidewalk, had "wheely" contests, catching frogs in the old pool, I think he may have taught me how to swear with confidence, we built a fort(with a bunch of kids in the neighborhood) on Judge Houcks private property that we had to disassemble. We thought the hills around Richland Center were uncharted territory for the taking. We had a couple of heart to heart talks about the meaning of life, girls, boys and God as deep as a fifth grader, or eighth grader could go.

Though most of our friendship and memories made were from those earlier years of our youth, those memories sustained a lifetime of friendship. He was always warm and engaging with me a when we would run into each other on the street and glad to chat for a minute.

You will be missed Kurt and your good heart of friendship, never forgotten.
