“ My deepest sympathy to all of you, you are in my thoughts & prayers.

Larry was one of my best buddies. I remember riding snowmobiles throughout the state of Wisconsin where we shared many times of laughter. He was also my bowling teammate at Richland Center Bowling Alley ~ where we both lost many bets on who was the better bowler.

Our family hired Larry as a concrete contractor on the farm, where it was always all of our enjoyment of picking on one another. We all have many memories of Larry's great sense of humor.

My father, Ed, and Larry were both members of the VFW in which I was gifted of many "tall tale" stories that were told between them.

He will be missed by all.

Love,

“ To Larry's family, friends and companions:

Larry was an important part of the 40/8, and the American Legion and will be hard shoes to fill on his involvement for those Military organizations. He may have been a man of few words but his service and support was recognized within the 40/8 and the Legion.

“ *How can the loco run without Larry? How many memories of him and Chris and the gang on trips and in many parades driving the locomotive merrily down streets and highways. If memory serves, they all even took it to national a couple of times and, in the process, imbibed a few beverages and had some laughs. My sympathies to Kerry and Deana and the family.....*

“ Although we didn't know Larry well, we do fondly remember meeting him many times at the Burnstad's Brat Barn. He was there many times at the same time we were. He always asked if we were riding the cycle. It was something we had in common. That is where the conversation started and we went on from there. He was a friendly guy. Our condolences to the family. I knew Kerry when he was a student at Lincoln School. I am proud of his accomplishments as an EMT--something we also have in common. I know Donna the best of the family members. I am so sorry for your loss. Hugs to you.
