“ My thoughts and prayers go out to her family. Dimp was very strong through many adversities. She was a great example for many with a sharp wit and great sense of humor

“ There were many days when her and I danced in the hall together while the students laughed. Her wit, personality, and energy lit up a room. She was a great help and a close friend that made my time at St. Anthony's so much richer. My condolences to her great family and friends. I will be thinking of you all from afar.

“ You are without a doubt one of the toughest woman I know. If I am half the lady you were I know I will be doing good in life. To say you were the best is putting it lightly; you were kind, smart, caring, loving, hardworking, funny and brutally honest. Thankfully I like to think I got some of my good points from you. I have gotten to enjoy all the stories you have told me about my Dad growing up and about how the world has changed throughout your life, truly priceless memories. I love you to pieces and am lucky to be your Granddaughter. Until we meet again Grandma.

*There never was not will be a woman like Aunt Dimp. She braved loss and hardship, yet not once did I ever hear her complain or speak of her toil. She just went on with living her life despite what I'm sure was hard to bear. You never wondered about her opinion because she shared it with you, and she made no apologies for letting you hear it. And she always told me and showed me she loved me.*
