“ I remember a few times when Mason, Connor, Brodie, Megann, Zayden, and I would all go riding out in Marks fields or the valley. We would do it everyday, every hour, and we'd never stop. We'd even be riding out in the freezing snow and Mason would love it because of the way it would just relax you and it was so fun, we could goof off and do anything we wanted down in that valley, it was freedom for us all. I just remember Mason doing wheelies and if he did mess up he'd keep on trying. He was such an amazing and happy person, I just wish it wasn't as soon as it was. If only we all could have went for one more ride down in the valley or even had one more chance to all laugh together and just spend that time all happy for one more minute. Love you always and forever Mason. Never stop flying high and always remember we all miss you so so so much:}

“ One time, Mason saw that I was upset and he told me to wait there and he would be back. Sure enough, he came back in the room with a soda and fruit snacks and told me to have them, then proceeded to sit down and ask me what was wrong. He was one of the sweetest people I had ever met, and he always was able to put a smile on my face no matter how sad or upset I was. If no one else at school would talk to me, he would always be the person to come up to me and make conversation. We had almost every class together and he sat by me in all of them. He was a great kid and I will always remember him.

“ There are no words to describe the loss of one so young, full of energy, and all-around great kid. It is by far the worst thing a parent or sibling can endure. My grandson, Zayden misses him so very much. Mason will always own a hole in your heart. Share his memories often as it will help to fill that hole up.
