“ I knew Mike from my time as an aero engineering major at the "zoo" too many years ago. I think I last saw him at the USAFA '86 ten year reunion and only recently learned of his passing from Checkpoints magazine. The news came as a shock and with tremendous sadness. Mike always had such a great attitude. His sense of humor and ability to make me, and so many others, laugh was priceless. That I would not see Mike for so many years yet be so sad at his passing speaks to what a great person he was and how he had such an impact on those who knew him, even for but a brief period of time.
To his family my deepest condolences. Please know it was our gain that he came into our lives. My thoughts and prayers are with you all.

“ So many have already said so many of the same things that came to my mind when I heard about Mike. He was a special friend in HS, as we double-dated with Teresa and my cousin and we had so much fun together; so many laughs. I will always have memories of his big smile and even bigger heart. I hope your entire family takes some comfort in knowing how many people admired and loved Mike and are happy they knew him. Blessings & Prayers.

“ *Big smile. Big personality. Flying with Mike was a gas...like flying with Joe Namath and Joe Namath was your best friend. That is how he made you feel. Mike had a warm jolly presence he exuded all the way down to his toes. I have taken many checkrides. The only check I was not nervous for was when Mike and I took our check together in the tanker. I tried to get more guarded but I couldn't flying with Mike. You just new it was gonna be cake. We did the entire check, his and mine, without a hiccup, refueling included in a 2.6. Deeply loved his family. I still remember the look Mike would get on his face when he looked at MaryJo or his kids. It was a look of complete contentment. That look is one of my strongest memories of Mike. Mike was a happy guy. Rest well my friend.*

“ We have so many beautiful memories of your family, especially while living in Lubbock Texas when Mike and Dave were at Reese AFB. One of the recipes you gave me is still one of our family favorites (teriyaki pork tenderloin). We had many gatherings together on base at the officers club, at birthday parties, baby showers, and in our homes with our children. I remember our backyard BBQ's with the kids running around in that hot Texas sun in their diapers while we all visited about the latest events. We will always treasure the time we had together with Mike and you all. Its plain to see you have a strong support system and no shortage of people who knew how very special Mike was. God Bless your family. Dave, Debi, Chelsea, Kate and Nick Meyers

“ We met Mike through his business (Nigl Fine Furniture) as he constructed and molded oak and cherry wood cabinets and tables for our home. Despite meeting under the circumstances of business, Mike was open, honest, and proved to be a friend which is unusual in business circles.

He was referred to many of our friends because of his integrity and excellent craftsmanship. We will miss Mike's smile, easy laughter, and friendship. He was an open and caring soul, non-judgmental and kind.

We offer our condolences and God's blessings to Mary Jo and the kids for their continued confidence in God's love and grace. Mike is now in heaven, adding another carpenter to the rolls.

“ *Please know my thoughts and prayers are with the entire Nigl family. I recently came across a picture of Mike at the AF Academy from when I was on a Congressional visit. I had asked for Mike to be my escort as the AF staff would assign someone from our district to spend the day with us and I wanted to be sure it was Mike. The academy staff usually assigned an upper classman. Mike was a "plebe" so when he was with me, the upper classmen could not harass him. It was probably one of the most peaceful meals he had while there. He was a super young man and we were proud to have him represent the Third District. May the happy memories you had with Mike help you through the days ahead.*

“ Since I was an Air Force retiree having worked on the century series fighter F-106, Mike used to tease me all the time about working on such an "old" aircraft. We had many laughs over that and I always acted like I was upset...then he would force me to laugh with him. Great Guy! I built a virtual theatre pipe organ in my music studio and Mike did all the carpenter work. He'd say, "I had so many customers come in and ask me what this weird looking thing was that I was building". His wood-matching technique was second-to-none. PERFECT! I've been holding off with a few finishing touches I wanted him to make because I couldn't decide how I wanted it to look. I may just leave it the way it is...I think of him every time I see those awesome monitor wings he built. I think I'm still in an F-106, only playing music. Our community will miss him for a long, long time. God Bless you Mike and your family. You are all in our prayers every day till we're gone.

“ My condolences to the Nigl family on Mike's death. My wife (Lisa Schroeder) and I graduated with Pat. Pat and I were high school teammates and close friends (and still are!) I recall many fun times at the Nigl residence outside Gillingham with Pat and many of our rambunctious friends. I can remember Mike's kind smile his exasperation with some of our antics. He was always a calming, if not intimidating force to a group of high school boys. I will also remember Mike's kind smile, and the way he carried himself with confidence and integrity. “ Mike was one of my first aircraft commanders in Grand Forks. I often tell the story about going TDY to Japan with him. He walked down the streets towering over the older Japanese women politely saying, "Hi!" in his booming voice as he passed by. He was so embarrassed when I told him he was walking down the street shouting "YES!" to all the ladies in Japanese (hai!). He was a genuinely nice guy.
I am so sorry for your loss. Prayers of comfort and healing for your family.

“ I remember meeting Mike and Mary Jo at an open-gym for volleyball. I was new to the group and Mike and Mary Jo were so welcoming and kind. Their smiles and laughter were infectious and every week I would look forward to seeing them and hoped to play on their team because of their positivity and encouragement. It's no wonder their kids are so amazing, they have the best parents in the world!! :)

Even though I didn't know Mike long, he's someone I will remember forever. He's someone that lifted everyone up around him! His love for Mary Jo and his family was an inspiration. He truly lived and loved life!

I'm proud to have known him and be a small part of his life. Mary Jo and his children will live forever with his love in their hearts and that's probably all any of us could ask for, is to leave this world with our love carried on by those that we loved.

“ I never knew Mike. He graduated from the Zoo in '86 and I graduated in '89, so he as an upperclassman probably yelled in my face at one point (LOL). But we share many same commonalities; Zoomie, KC-135 pilot, AETC IP, United pilot (at least I used to be), and most of all at one point a young dad holding our offspring baby in our arms. I'm glad that Mike took the time to take a photo of himself, in uniform, with his wife and with his kids. Most of us are reluctant to dust off the service uniforms to take a photo, but your kids will appreciate those pictures when they are adults. The photos from the pre-social media days tell them who their dad was and what he stood for. God bless his family.
