“ *"Old Bill" as my dad has always called him, even tho he is younger than my dad. "Old meaning Sr" Bill has always been a very important friend to our family. Bill and Sally were great friends of our parents, not only our parents but our entire family. Bill was always there for every event or occasion that was important to our family, you knew Bill would be there. You could always count on Bill, he greeted everyone with a smile and a heck of a hello in his way with a compliment. Usually.. "well, you're the best looking young lady I've seen all day." he would say that to every lady he saw that day. Bill has pulled my dad many hard days he has had since my mom got sick and more since she has passed away. Friends paying each other back and being there for each other thru many difficult times, but also many, many fun times they had together. Years and years my parents had so many fun times with great neighbors Bill and Sal. I can picture them all laughing and playing jokes on each other and that is what I see when I hear their names. I saw Bill walking down the street in Edgerton a few times. I pulled over one day and asked his how he was doing. He said "Well, Penny, I got to keep my girlish figure, then laughed! Bill had a great time at our son's wedding in December and the pictures show it. Bill told me one time after my mom passed away when it was his turn to go... he just wanted to go and his wish came true. Monday trip to get groceries then onto Bowling with his best friend. I can't express how Bill will be missed. He was like apart of our family too. I know his family is so proud of their dad. A great man with a huge heart. I pictured this morning my mom greeting you... "Well, Bill, what are you doing here", "Well, Mary, I came to see the best looking lady in heaven"*

We love you "old Bill"

“ My wife and I haven't known Bill but only a few years playing cards in Edgerton and always enjoyed his company. Many times he addressed us by calling us "kid," and when the card game wasn't going favorable for him he would say, "You know I got a bad heart!", and we would all laugh together. Since we began, he has endeared himself to us and we've found him to have, in fact, a very "Good Heart!" and he will be missed. Please accept our condolences.
