“ I can't believe your gone, but you will be truly missed and we will all cherish the memories we have, I will always think about the times I would call you about something I needed fixed or built and you would be there and all you asked in return is your beer and supper, and now I can't anymore. I will always remember the times we had fun camping, fishing and the time we bowled on a couples league and when I bowled terrible, you would look at me and say (straighten up, don't you care) and I would laugh and just say I'm just bowling to have fun. Oh I can't forget all the blonde jokes you just loved telling me. There are so many more, You will be remembered always. Love your niece penny and family.
